ALLNET
ALL0173G

USB 3.0 Gigabit Ethernet Adapter

- 1x 10/100/1000BaseT Ethernet TP Port; 1x USB 3.0 Typ A
- Windows and Mac OS X
- Supports Wake-on-LAN
- Supports Half/Full-Duplex, crossover detection and auto-correction
- IEEE 802.3az (Energy Efficient Ethernet)
- Ethernet 802.3x Flow Control

Art.-Nr. 102172

Note: Product specification is subject to change without notice.

The USB 3.0 to Gigabit Ethernet ALLNET ALL0173G Adapter is a simple rectangle with a USB3 connector and a network port. It works with both Windows and Mac OS X, and is easy to install. The ALLNET ALL0173G adapter give identical network transfer speeds of 838.9Mbit/s with PC's built-in Gigabit Ethernet connection, showing the adaptor doesn't slow down transfers. Connected to a USB2 port it works up to 326.2Mbit/s, so it will even give you a threefold speed boost over 10/100 Ethernet if you don't have a USB3 port.

FEATURES:

• Compliant with Universal Serial Bus 3.0 Specification, Revision 1.0
• Compatible with USB Specification, Revision 2.0
• Supports full duplex operation with IEEE 802.3x flow control and half duplex operation with back-pressure flow control
• Compatible with IEEE 802.3, IEEE 802.3u, IEEE 802.3ab
• Supports IEEE 802.3az (Energy Efficient Ethernet)
• Supports crossover detection and auto-correction
• Supports advanced link down power saving when Ethernet cable is unplugged
• Supports Wake-on-LAN
• Upstream port: USB 3.0 type A
• Downstream port: RJ45
• LEDs indicate the status of Power status and Ethernet connection
• Supports Windows 2000 /XP /Vista/7/ 8 (32/64-bit), Linux, Mac OS 9.x or higher
